“ I love you, Mike Eakin. I know I don't have to talk to you here. I love you every day of my life and miss you just the same. We all do. I will never stop until we know the truth. I love you!

“ I really admired mike. He was a great friend. Tried to make sure you always had a smile on your face. The last time he came over to visit me he couldn't believe I slept with my door open and told me he was going to fix traps in my yard so if someone came up I would know. I woke up that morning and he was out back said "he put up traps in yard so if someone came over I would know". When I walked out there he had fishing line tied between trees and in the unoccupied driveway next door was a fridge he had pulled across the driveway. Covered in leaves and Bushes I said "mike that stands out they will see it" he said "na it's camouflaged" I said ok and he told me "well if they do that it would be ok cause he guaranteed they will not make it back out of their eitherway without a flat tire for sure."
